Our first real encounter with Cappadocia's almost Martian landscape is in the Dervent valley, where the rock formations are amazing. A walk through the Zelve Open Air Museum is a journey into the past, with its troglodyte houses. This is one of the earliest inhabited and latest abandoned monastic settlements in Cappadocia. After Zelve we visit Pasabag's "fairy chimneys", where the voice of the wind harmonizes with the songs of the fairies. From here we pause at Avanos, a centre of terracotta art since 2,000 BC, for a demonstration in a traditional pottery workshop. After lunch in Avanos, we visit the famous Goreme Open Air Museum to see the best examples of Byzantine art in Cappadocia. These are found in rock-cut churches with frescoes and paintings dating from as early as the 10th century. We complete the tour with a visit to the Uchisar Rock-Castle, giving you a panoramic view of the valleys of Cappadocia.
